

Montage Receiver Hardware

CPU	Intel® processor			
RAM	4GB			
Storage	SSD			
GPU	Intel® HD Graphics			
Connectivity	Support Wi-Fi and Gigabit LAN			
Size	11.8cm x 11.8cm x 5.15cm			
Weight	0.6Kg			
Physical connections	USB	4 USB 3.0 (2 on front, 2 on rear)		
	Audio	3.5mm TRS mini phone jack		
	HDMI	1 st /2 nd Generation	1 x mini-HDMI (Type C) female	
		3 rd Generation	1x HDMI (Type A) female	
	DisplayPort	1 x mini-DisplayPort		
	LAN	8-wire RJ45, female; 10/100/1000BaseT Gigabit Ethernet port		
	Power	Output: 3.5 Amps @ 12 Volts DC Input: 1.2 Amps (maximum) @ 100-240 Volts AC, 50/60 Hz		
	Security	Hardware lock		
Other	1 x VESA plate with 6 screws, 1 x HDMI to mini-HDMI adapter			

Product Feature Specifications

Client OS	PC Application	Windows 10®, Windows 8®, Windows 7® (limited support)	
	Chrome® web client	<i>Google Chrome® version 55+</i> - Windows® - Mac® - Ubuntu®, Fedora® Chrome OS®	
	AirPlay®	iOS® 9, 10, MacOS® 10.10, 10.11, 10.12	
	Android® Application	Android® 5 and above (<i>app coming soon</i>)	
	iOS® Application	iOS® 10 (<i>app coming soon</i>)	
Connectivity	Integrated wireless access point (can be enabled or disabled) Connect to a network using Ethernet and/or Wi-Fi Connect to a network with DHCP or Static IP Unique meeting ID generated on launch of new meeting Optional PIN for added security when connected to Internet		
Receiver Interface	Connect up to 6 participant's screens Touch display support (or control via connected mouse/keyboard) Make any connected participant the Active Display Drag & move client displays at receiver/display Desktop control of full-screen client PC's (Active Display) from the receiver/display File sharing with Windows application and web client participants Whiteboard/Annotation tools		
Client Interface	Windows® Application: <ul style="list-style-type: none"> • Share your desktop • Choose to be the Active Display • Pause sharing • Share a file • Voice and video • Annotate on Active Display • In-room and remote meeting access 	Chrome® Web Client: <ul style="list-style-type: none"> • Share your desktop/selected application • Choose to be the Active Display • Pause sharing • Share a file • Voice and video • Annotate on Active Display • In-room and remote meeting access 	
		AirPlay®: <ul style="list-style-type: none"> • Connect via same subnet or Access Point • Share your screen • Use meeting ID to ensure secure connection 	

	iOS® Application: <ul style="list-style-type: none">• Share a web page• Choose to be the Active Display• Voice and video• View Annotations• In-room and remote meeting access	Android® Application: <ul style="list-style-type: none">• Share your device screen• Choose to be the Active Display• Voice and video• View Annotations• In-room and remote meeting access
Voice & Video	VoIP and video over LAN and Internet Supports desktop webcam for client and external webcam for receiver unit
