

Cookie policy

NCS Technology Limited takes your privacy very seriously and respects the importance of security on the internet.

NCS Technology Limited's website uses cookies and similar technologies for various purposes including to distinguish you from other users of our websites. By continuing to use our websites, you agree to our Cookie Policy.

What cookies do we use?

Cookies are text files containing small amounts of information. They are downloaded to your computer or device when you visit a website. They don't tell us who you are but they do enable us to recognise your device and where you have made various preferences or actions they enable us to remember them.

Why do we use cookies?

Cookies do lots of different jobs, like letting you navigate between web pages efficiently, remembering your preferences, and generally improving your experience of our websites. They can also help to ensure that adverts you see online are more relevant to you and your interests.

The cookies used on NCS Technology website have been categorised based on the categories found in the ICC UK Cookie guide. Here are the main types of cookies we use and why we use them:

- Strictly Necessary Cookies

These cookies are essential in order to enable you to move around our websites and use their features, such as accessing secure areas of our website.

- Performance Cookies

These cookies collect information about how you use our website. For instance, they tell us which pages you visit most often, and if you receive any error messages from our web pages. These cookies do not identify you. All information they collect is aggregated and therefore anonymous. We use these cookies to measure and analyse how our customers use our websites and to improve their functionality and the user experience.

- Functionality Cookies

These cookies allow our website to remember choices you make (such as your user name, language or the region you are in) and provide enhanced, personalised features. These cookies can also be used to remember changes you have made to customisable parts of our websites including text size and font. The information these cookies collect may be anonymised and they cannot track your browsing activity on other websites.

- Targeting & Advertising Cookies

These cookies are used to deliver adverts and communications more relevant to you and your interests. They are also used to limit the number of times you see an advertisement as well as to help measure the effectiveness of advertising campaign. They are usually placed by advertising networks with the website operator's permission. They remember that you have visited a website and this information is shared with other organisations such as advertisers. Quite often targeting or advertising cookies will be linked to site functionality provided by the other organisation.

We only use the types of cookies described above. We don't use so-called 'specialist cookies'.

Disabling Cookies

NCS Technology Limited website is designed to function optimally with cookies enabled. You can, however, disable cookies via your website browser settings. This may mean, however, that you may no longer have access to some of our website features. Please note that even with all cookies disabled, a tiny amount of information will continue to be retrieved from your web browser. This information is necessary for the basic functioning of our website.

Changes to our Cookie Policy

We may change this Cookie Policy from time to time. If we make changes, we will notify you by revising the date at the top of this policy and in some cases by adding notices on our homepage or other websites or sending you email updates (where data protection laws allow this).
