

NCS TECHNOLOGY FOR EDUCATION

EXPERTS IN CONNECTING THINGS SINCE 1987

NCS TECHNOLOGY

EXPERTS IN CONNECTING 'THINGS' SINCE 1987

Proudly supporting education providers for over 30 years

Since 1987, NCS Technology has been connecting, supplying, and implementing easy-to-use technology at hundreds of schools, academies, colleges, universities and other education providers.

Established as Network and Cabling Solutions, NCS are celebrating over 30 years of designing and installing cost effective, efficient and reliable network infrastructures for organisations across Kent and the South East.

Bespoke solutions for your needs

We make a point of getting to know our clients, and recommend products and systems that suit your needs rather than a 'one size fits all' solution.

Free, no obligation design and consultation service

Our experienced engineers and advisers are always happy to discuss your ideas and requirements, either in person or over the phone.

Get in touch - we're always just a call or email away

WIRED NETWORKS

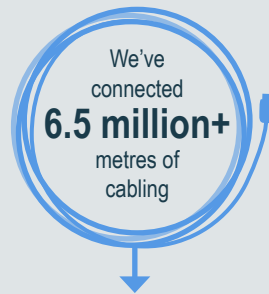

WE CONNECT 'THINGS' THAT CONNECT THINGS

With the constant evolution of IT systems, a solid network infrastructure is crucial. The demands on local area networks have increased exponentially over the past 10 years. As the 'Internet of Things' continues to grow, so does the demand on your network.

Our team of experts take away the complexities of managing and maintaining a network infrastructure. Whether you're a small primary school or a large multi-campus education provider, we can help with the various hardware components and software applications associated with managing it.

Speak to us about:

- Network upgrades
- Fibre works
- Structured cabling
- Network switches
- Data network design and re-design
- Re-cabling
- Enhancing your Ethernet network

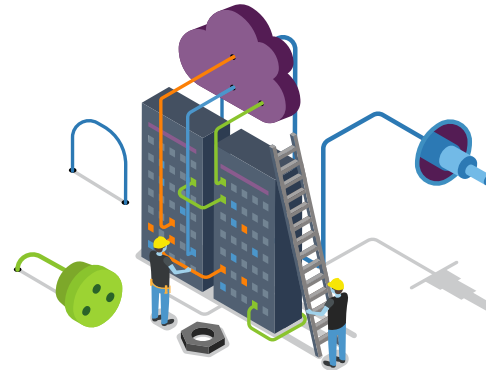

... that's more than
36 loops of the M25

Working with NCS has been a painless and seamless transition from our previous supplier. The work carried out to date is of the highest standard. I found the installers to be helpful and always willing to move things around at short notice. They are professional, courteous and meticulous in their work.

- Network Manager at The King's School

WIRELESS NETWORKING

WE CONNECT 'THINGS' THAT CONNECT YOU

Nowadays your school's wireless network may need to cope with hundreds, even thousands of laptops, iPads, tablets, and other devices, all connecting simultaneously.

FAST AND RELIABLE WI-FI ENSURES USERS ARE ALWAYS CONNECTED

We install professional wireless networks robust enough to deal with the demands of client density and speed.

Speak to us about:

- Wireless upgrades
- Adding access points
- New Wi-Fi installations
- Wireless bridge links between buildings
- Extending your existing Wi-Fi coverage
- Cloud Wi-Fi management
- Zone directors and controllers

Easily monitor and manage your wireless network with our Cloud Wi-Fi Manager

- Remote dashboard
- Lower cost of ownership
- Secure and reliable
- Manage multiple networks at different sites

Contact our friendly technical team to find out more.

We've installed **10,000+** wireless access points

... connecting enough Wi-Fi users to fill Wembley Stadium more than **7 times**

“ The flexibility of NCS is always very much appreciated and one of the key reasons why we continue to approach you for our requirements. ”

- Dulwich Preparatory School

LED LIGHTING AND ELECTRICAL SOLUTIONS

WE CONNECT 'THINGS' THAT SAVE YOU MONEY

SAVE UP TO 65% ON YOUR LIGHTING COSTS

LED lighting and managed lighting systems can significantly cut energy costs, reduce your carbon footprint, and increased light levels improve your learning environments. Our electrical and lighting expertise means we can supply and install the very best solutions for your establishment.

Benefits of LED lighting

- ✓ Cut your energy bills by up to 65%
- ✓ Long life expectancy of 50,000 hours and a 5-year guarantee
- ✓ No flicker and minimal glare create improved working environments
- ✓ Intelligent lighting options, dim or turn off lights when not in use
- ✓ Lower CO₂ minimises your carbon footprint
- ✓ Instant start means full brightness immediately and improved safety

REQUEST A FREE SURVEY AND FIND OUT HOW MUCH YOUR SCHOOL COULD SAVE

One of our lighting experts will visit your site and produce a free report that breaks down how much energy and money you will save by upgrading to LED lighting. We'll also let you know how quickly you'll payback your initial investment based on the savings made.

We've
connected
11,500+
LED lights

EXPERTS IN DESIGNING ENERGY EFFICIENT SYSTEMS THAT CUT COSTS

At NCS Technology, we care about the environment and are proud to have achieved ISO 14001 certification. We think it's important to provide our customers with efficient equipment and systems that reduce energy and cut costs, making capital available for other resources.

“ *The sports teachers, the people who hire the sports hall in the evening and the students have all said what a difference the new lighting makes.*

From start to finish the service was excellent. The engineers who carried out the work were first class.

I will be using NCS in the future and will be recommending them to other schools. **”**

- Paul Carwardine,
Site Manager, Chatham
Grammar School for Girls

... saving our clients
more than **6.728**
megawatts of
electricity

IP SECURITY AND ACCESS CONTROL

WE CONNECT 'THINGS' TO PROTECT YOUR BUILDINGS, STUDENTS AND STAFF

We provide and install a range of high quality security solutions that ensure the safety of your students and staff, whilst protecting your premises.

ACCESS CONTROL

Door entry and access control provide high security solutions that allow you to conveniently manage who has access to your site and buildings.

NETWORKED CCTV

We provide superior internal and external IP CCTV systems that connect directly into your network. With exceptional image quality, the footage can be viewed on your PC, tablet or phone anywhere in the world.

Whether you want to install an entirely new CCTV system or, incorporate IP cameras on to your network to run alongside existing analogue cameras, we can provide a solution that meets your requirements and budget.

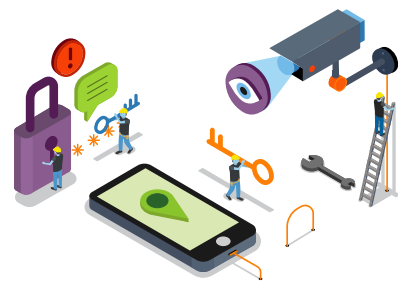

VISITOR SIGN-IN AND MANAGEMENT SYSTEMS

Improve safeguarding in your building or school by having live, up to the minute visibility of who is on site. Visitor management systems can integrate with many popular management information systems making administration simple.

We've connected **5,000+** CCTV cameras

“ NCS were able to customise a solution that allows us to manage and control access, enabling us to maintain a safe learning environment for our students. ”

- Jordi Garcia, Head of IT and Network Communications, Capel Manor College

Speak to us about:

- IP CCTV
- Door entry and access control
- Visitor management systems
- Integrating your CCTV, entry and visitor management systems
- Replacing analogue cameras

AUDIO VISUAL

WE CONNECT 'THINGS' THAT HELP TEACHERS TEACH

We supply and install high quality audio visual (AV) solutions that enhance and improve environments and spaces used for presentations, training, teaching and display.

As a specialist provider of interactive touchscreens, LED displays, audio equipment and projection systems, we work closely with education providers to install systems that enhance teaching and learning.

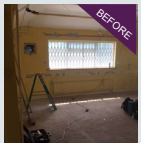

Speak to us about:

- Digital signage
- Projectors, PA systems and hall AV installations
- LED displays
- Touchscreens and interactive panels

BESPOKE PROJECT MANAGEMENT SERVICES

NCS Technology can take the stress out of large scale installations by project managing entire room transformations, including full strip outs, installations of new electrics, plumbing, painting and decorating.

Here's an ICT suite and music room we refurbished at Dame Janet Primary Academy. Visit our website to view the full case study.

“ I required a company I could rely on, not only to complete the job required, but to complete it on time and to a high standard. The outcome met and exceeded expectations.

News about the room spread like wildfire and the pupils are now all desperate to go in the room for lessons. ”

– Daniel More, Business Manager, Dame Janet Primary Academy

EXCELLENT SUPPORT AND GREAT CUSTOMER SERVICE

Our dedicated support team consists of highly skilled technical consultants who are passionate about delivering the best customer service at every stage of your journey.

After installation, we continue to provide excellent support; which is just one of the many reasons our clients tend to stay with us for years.

Get in touch – we're always a quick phone call or email away
